

# Your Railways and the Cost of Living

**B**EFORE the Privy Council at Ottawa, protest against the new railway rates has been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian railways.

It was pointed out that the numerous middlemen, who act as the distributors of goods, would each add his percentage of profit to the freight rate, so that although the railways might only receive, say 40 cents additional freight charges on a shipment, the public would be forced, by the distributing middlemen, to pay many times that amount.

The management of the various Canadian railways desire, through this, their association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States railway rates---an increase similar to the increase in Canada has actually been followed by a decrease in the cost of living in that country.

## Furthermore:

A great Canadian manufacturer recently made public---without any solicitation and without the previous knowledge of the railway managements---figures which proved that the retail selling price of a yard of plain white cloth in Winnipeg after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one half a cent, even after the wholesaler had added 20 per cent profit to the new freight rate and the retailers another 50 per cent.

He showed that the distributors, whether rightly or wrongly, added 15 cents to his mill price of 16 cents per yard.

Yet the railways carried the raw cotton

for this yard of goods from Texas to Montreal, and the finished goods from the mill to Toronto and Toronto to Winnipeg for one-and-one-half cents.

One-and-one-half cents as against fifteen cents.

We venture to believe that whatever the explanation or the justification may be, the same serious additions to cost by the distributing trades will be found in relation to almost every article of common household use.

This is not to attack distributors. They may themselves be victims of a bad system or of an over-crowded trade. But it is to point out that if they add whatever percentages they, as a trade find convenient on top of the freight rates the railways cannot help either themselves or the public. The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down merely because railway rates can be held down while other prices soar as the various trades find necessary.

**R**AILWAY charges always must be a serious item in determining cost of productions. But the management of your railways urge upon your attention this fact: that antiquated, overloaded and wasteful systems of distribution of goods are much more properly a subject for the public.

Canada cannot prosper without prosperous railways. Canadian railways cannot prosper unless Canada prospers.

In all sincerity let us suggest that the people of Canada beware of those who would restrict and even strangle the railways simply because control exists there and is not so convenient in other departments of commercial activity.

## EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, October 7.

The premium on American funds has dropped considerably from a week ago, and stood this morning at 8 1/2.

**Cattle.**—During the week the market on steers at Calgary was down fully a dollar, but Wednesday and Thursday there has been a recovery, and prices are now \$8.00 to \$8.75 on the best, and good butchers \$7.00 to \$8.00.

There is competition for the market steers with the packers and feeders, and they are ranging \$6.50 to \$7.25 on the feeders, and the packer steers \$5.00 to \$6.40. Cows were also much lower, and as yet are still under last week's prices, with the few good ones at \$5.50 to \$6.35; good butchers, \$4.50 to \$5.50; medium, \$4.00 to \$4.50; common and canners, \$3.00 to \$4.00; stocker cows are \$4.00 to \$5.00; stocker heifers, \$4.00 to \$5.25. Everything else has come back to about last week's prices: bulls, \$4.00 to \$5.25; calves, choice, \$5.00 to \$10.00; common, \$3.00 to \$5.00. American markets are improving, and as cattle from the old range area can now be shipped on inspection, the market may improve.

After some ups and downs during the week, the Edmonton prices on steers are around last week's quotations again, with a scarcity of top quality steers, but indications are that the really good ones would bring \$7.50 to \$8.00; but most of them are good butchers going from \$6.00 to \$7.00; and the medium and common ones getting in the feeder classes, and, as the latter are bringing from \$6.50 to \$7.50. The cow market is lower, and the best cows, which are not too good, are \$6.25 to \$6.50; good butchers, \$5.00 to \$6.00; canners, \$3.00 to \$4.25; stock cows are \$4.00 and \$4.50; stocker heifers, \$4.25 to \$5.00. The market on bulls has been a little easier, and the best ones are selling for around \$5.25. Calves are keeping about the same price, with the best up to \$5.00 and the common ones \$5.00 to \$5.50.

**Hogs.**—There has scarcely been enough hogs in Calgary to make a market, and sales have been holding at last week's price, \$22.25.

This morning the price was down to \$24.00.

There has been a little weakness in the hog market at Edmonton, and the sales yesterday were \$21.25 and \$22.25.

**Sheep.**—Quite a lot of sheep going through the yards, and prices unchanged, except on wethers, which are a little lower. Lambs, \$8.00 to \$11.00; wethers, \$7.50 to \$8.25; ewes from \$7.25 down.

Sheep receipts at Edmonton have been moderate during the week, and prices are about as previously quoted, with the wethers from \$8.00 down; ewes, \$7.00 down; and lambs a little weaker and probably around \$9.50.

Wheat prices generally, and other grain prices especially, have shown greater weakness during the present week than has been experienced for years in a similar period. Some of this is attributed to the heavy fall receipts, and in addition there are reports which show that the world supply of wheat will be taken care of by the yield of this crop year. The question of present supply and demand—whatever the future may be—has for the time being dominated the market. There are reports from Chicago that representatives of farmers' organizations in some of the states are contemplating co-operative marketing to handle the U.S. grain crop, and there are also suggestions from some of the states that there should be an embargo against Canadian wheat. Of course, with the present decline there is the demand for the revival of the Canadian wheat board. During the period when grain was short in the world, they made more money for the farmers than they had anticipated. Whether they could repeat their business tactics in a year when there is not a shortage is one of the points that seems doubtful. At present the grain situation is very encouraging to the producers.

**Produce.**—Sweet cream is getting scarce with the advancing season, and the price at Calgary has been advanced to 82c. Dairy butter is still scarce, and the prices are unchanged, with fancy table 82c to 83c, straight receipts 81c to 82c. Milk flow is decreasing, and indications are that the movement of dairy butter from now on will be light. The country towns took large supplies of the good quality last winter, and they will likely do so again. Creamery prices are unchanged, and if New Zealand ship-

ments now on the way to Vancouver should be the country arrivals, indications are that Alberta prices will advance. No. 1 and 2 cartons are still quoted 82c to 83c, with car lots on basis of 58c. Poultry receipts light and market steady, with fowl 26c to 25c; chickens 25c to 30c. Demand moderate. Potatoes are held at higher values by shippers, with quotations at country points as high as \$33; little movement in southern Alberta; Edmonton quiet active. Hides.

Market poor and prospects not improved; butcher gross salting now 7c to 8c; green hides, 5c to 7c; kips, 5c to 10c; calf, 10c to 12c.

Hay—Movement very light, and the track price at Calgary is around \$28.

## PUBLISH LIST OF OFFENCES

Dublin, October 8.—Dublin Castle has given out a list of outstanding "offences" from January 1 to the week ending October 4. It was accompanied by the statement that it was "a significant fact that for all the murders and shootings of policemen, the number of perpetrators apprehended could be counted on the fingers of one hand."

"In this fact," the statement adds, "might be found the motive for reprisals. The authorities cannot get the men responsible, or if they do, they get off through hunger striking, or clemency of the government. No one can be found to testify against them, either through intimidation or because of political sentiment."

"The list of offences follows:

"Court houses destroyed, 63; Royal Irish Constabulary barracks destroyed, 64; Royal Irish Constabulary barracks damaged, 108; raids on mails, 64; raids on coastguard stations and lightships, 38."

"Raids for arms reported, 2,075 (many of these raids did not come to the knowledge of the police); police killed, 102; police wounded, 174; soldiers killed, 16; soldiers wounded, 16."

"Seven men alleged to have taken part in attacks," the Bulletin continues, "were captured, tried by court martial and sentenced to long terms of penal servitude."

"The Bulletin adds that, in addition, two civilians were murdered as a reprisal and the town of Trim was burned. It asserts that the object of attacks on barracks was to secure arms for Ireland to defend herself."

## RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-lives"

103 CUMBER ST., MONTREAL.

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to take 'Fruit-a-lives', and in 15 days the pain was easier and the Rheumatism much better. Gradually, 'Fruit-a-lives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

P. H. Mc HUGH.

Box a box, 6 for \$2.50, trial size 25c.

At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

61; civilians killed, 27. These figures do not include the casualties in the Ulster riots in July and September.

Coincident with this announcement the Sinn Féin Irish Bulletin publishes the details of attacks on 58 police barracks up to September 30, of which it is stated 12 were captured and the two destroyed during fighting, while 44 successfully resisted attacks. In the 12 barracks captured, 31 police were made prisoners, disarmed and subsequently released without injury.

"Seven men alleged to have taken part in attacks," the Bulletin continues, "were captured, tried by court martial and sentenced to long terms of penal servitude."

"The Bulletin adds that, in addition, two civilians were murdered as a reprisal and the town of Trim was burned. It asserts that the object of attacks on barracks was to secure arms for Ireland to defend herself."

## LUMBER BUSINESS EMBARRASSED, THE PRODUCERS STATE

For the purpose of discussing the market situation in the lumber trade, labor conditions, and prospects for the future, a meeting of the Mountain Lumbermen's Manufacturing Association was held in the Palliser hotel on Tuesday afternoon, I. R. Poole, secretary of the association, issued to the Calgary Herald the following statement as to general conditions:

"Business in the lumber trade has been at a low ebb during the last two or three months, the buying being limited to actual requirements for sorting up retail stocks. Since the freight rate increase has been announced there has been a further check to buying, and the movement of lumber since the increase in announcement has been practically nil."

"As a result of the very light demand there has been a 'downward' tendency in prices and lumber has recently been offered and sold at prices \$10 per thousand on common, and \$20 on upper grades, under or below the high level prices at the first of this year. There was, of course, very little lumber actually sold at the high level referred to, most of the buying being done at lower prices."

**PRODUCTION COST HIGH**

"The cost of production continues high, as there has been no reduction in labor costs and no material reduction in price of commodities in general."

"Labor is very scarce and operations have been hampered on this account, although not to any serious extent, owing to the lull in the market and the effect of the same on production."

**FUTURE UNCERTAIN**

"Owing to this unsettled condition of the market the future is uncertain. If the market improves the mills will get out a normal production of logs this coming season, otherwise they will curtail, as costs are too high to pile up stocks of logs and lumber."

"The freight rates increase will have a detrimental effect on the shipments sent in particular, and will seriously handicap the mills on that market."

**TAXATION FORM MAY BE CHANGED AT NEXT SESSION**

Ottawa, October 7.—The Citizen says:

"There is a strong probability that the coming session of parliament will see considerable variation in the taxation measures of the government."

The business profits tax is likely to go and possibly the luxury tax may be replaced by the sales tax. It will be recalled that the business tax was renewed this year despite very strong objections from business interests, which represented it to be an impediment to commercial and industrial expansion. The minister of finance took the stand that money had to be raised and this was a tried and proven source of revenue. The additional taxes levied and the revenues accruing from them suggest the dropping of the tax on business in the next budget. There is also talk, but less of it, of modifying the luxury tax."

market and the effect of the same on production."

"As a result of the very light demand there has been a 'downward' tendency in prices and lumber has recently been offered and sold at prices \$10 per thousand on common, and \$20 on upper grades, under or below the high level prices at the first of this year. ### M. D. OF HAYS NO. 338

The eighth meeting of the Council was held at Ardley on October 1st at 2 p.m., with all Councillors present. Moved by Gehke, that minutes of the previous meeting be adopted as read. Carried.

Moved by Ross, that all the amendments to the Hall Insurance Act be endorsed by this Council. Carried.

Moved by Robinson, that the Secretary write Mr. A. S. Stewart, of Lacombe, re. the concluding advice of the nuisance grounds at Elhara and Louisa, and urge having the surveys made at once, and, if unable to do so, that he notify us at once. Carried.

Moved by Hampton, that the Secretary be instructed to write to the Superintendent of G. T. Pacific at Edmonton, asking for an open crossing south of mile post 85 opposite Walsh's coal mine, situated on the N.W. 23-33-34, and urge having this done when the extra charge in the locality. Carried.

Moved by Kriehberg, that the bills and accounts, amounting to \$2,396.55, be passed and ordered paid. Carried.

Moved by Hampton, that we accept A. S. Stewart's bill for surveying and instruct the secretary to pay him an additional \$35.00 on account and balance on receipt of blue prints. Carried.

Moved by Ross, that all road sheets be passed, and the Secretary be instructed to pay the same or simply on taxes. Carried.

Moved by Kriehberg, that our next meeting be held at Louisa on Saturday, November 12th, immediately after the tax sale. Carried.

Moved by Robinson, that we adjourn. Carried.

R. J. Hampton, Reeve.  
Robt. Farries, Secretary-Treasurer.

### HON. FRANK OLIVER ADDRESSES EDITORS

Emphasizes Value of Newspaper Service.

"Do not let the subscriber or the advertiser bluff you that you are not rendering service for the money you charge," was the concluding advice of Hon. Frank Oliver in a pithy little address, delivered on Friday morning to the weekly newspaper men of Alberta assembled in convention at the Pullman hotel. He impressed upon his listeners that if they gave away something for nothing that was the value too, other men would set upon it.

Hon. Frank Oliver, on being asked to address the members, said that though he was well qualified to speak about weekly newspaper work, the question as to whether he could say anything worth while was another matter. He said that he had listened with interest to the discussion on advertising rates, and the subject of the relation of circulation to these rates.

"It is not a question of actual circulation," said Mr. Oliver, "it is a question of the field occupied by the paper. The fact that there are a hundred more or less subscribers to the paper does not matter. If there are competitors in the field, then perhaps advertisers would want to know the number of subscribers and probably give his business to the one having the largest number of readers."

HOW ADVERTISER REACHES FIELD  
He pointed out that the advertiser reaches the field only through the columns of the local newspapers. "I feel very strongly on this subject,"

he declared, "and I think a good deal of the trouble is that the proprietor has not placed before the advertising agencies and the public the proper value of the service he is able to render to the publisher. There is a tendency for the publisher to feel that he is something of a dependent on the people—undulant," interjected one of the audience.

"Well, yes, that is perhaps the word, but I don't care to say it. But I accept your amendment," returned the speaker. "This comes in some measure from the man who has the inspiration to start a newspaper, and is more of an enthusiast than a business man. He wants to convey his views to the community, and is willing to go almost any length to do that."

A CHEAP SERVICE.  
"There is no service that the public gets so cheap and costs so little, as the service given by a rural weekly newspaper. What is two dollars to the man who depends on the newspaper for knowing his neighbors and what they are doing with respect to social activities, and the thousand and one items that only newspapermen can give. It is for the expression of his views and to advance his standing. What is two dollars a year for what he gets."

RETURN TO ADVERTISERS  
"It is the same with the advertiser. How could a merchant reach the field were it not for the local newspaper? If he attempted to circulate it every week in the same way, it would cost as much as the printing plant would cost. The difficulties are largely your own fault. You have not had confidence in the business side of the enterprise, and have not pushed it in the way it should be pushed. The attention of the editor is often absorbed in the literary or news side, and not sufficient stress has been laid on this side."

Mr. Oliver then told of an amusing incident which occurred when he was running a small weekly. One of his subscribers dropped in one day and refused to renew his subscription on the grounds that his wife did not find the paper big enough to cover the pantry shelves. This was the way he regarded the newspaper. Later the man came back with his subscription. He said that he had missed getting an important contract because he had failed to see the advertisement in the paper.

QUANTITY VERSUS QUALITY  
Another point mentioned by Mr. Oliver was the fact that the argument was often advanced by subscribers that they could get a bigger paper for their money by taking a weekly issued by one of the city dailies.

"That is an absurd argument," he said. "It is not the amount of reading matter in the paper, but the interest it has for you. Your country publishers have something that the city dailies cannot give our readers. Do not let anyone bluff you with that argument, that you are not giving service for the money they pay."

KEEP STRIPPY TIPPY LIP  
"Argue your own case, keep a stiff upper lip, and you will find the public will respond. If you give them something for nothing, then that is

the value they place on it—nothing. You have established that rate yourself. Make a fair charge for your work and service and you will be thought all the more of and be better off."

### DON'T USE DRUGS FOR CONSTIPATION

Bathe Internally—the One Natural Way.

Did you ever know of any person who was permanently cured of constipation by taking drugs of any kind? Drugs simply force Nature, and larger doses are required from time to time until the trouble becomes chronic.

Internal Bathing with the J. B. L. Cascade is the only permanent relief from Constipation. It keeps the Colon, or large lower intestine, free from all accumulation. Soon the system performs its regular functions, and there is no further trouble. Mr. F. Babin, Proprietor Alexandria Hotel, Ottawa, writes: "The J. B. L. Cascade has made a new man of me. I would not sell it for all the money in this world if I could not get another. Through my recommendation I know of a number of my friends who have been using it for the same satisfaction. For people troubled with Constipation, I say it is a godsend, and can heartily recommend it."

The J.B.L. Cascade is the only perfect appliance for Internal Bathing ever devised. It is endorsed by over half a million enthusiastic users. Ask to have it explained to you at Galtzberg Drug & Book Co., Drumheller, Red Deer, Alberta, or write for booklet to Tyrrell's Hygienic Institute, 183 College St., Toronto.

### ONE BIG UNION GETS SET BACK AT DRUMHELLER

On Plea of the Coal Miners, Supreme Court Grants Injunction Against O. B. U.

Calgary, October 10.—An injunction restraining the operation of the One Big Union in the mines of the Drumheller field was granted by the Supreme court here on Saturday on behalf of the coal operators of that field. The injunction is granted on two grounds, the first that the striking O. B. U. miners did not speak in a board of arbitration under the Lomax act, before going on strike, and, secondly, that the operators claimed that since they had a contract with the united Mine Workers for two years more, the One Big Union officials were coming into the field and inducing men to break that contract. It is likely that the One Big Union will endeavor to have the injunction lifted.

The attitude of the One Big Union

toward the injunction is one of defiance. Arthur Evans, secretary of the One Big Union miners, stated tonight that the organization would take no action in court to have the injunction lifted. They intended to keep right on with their work. They held meetings tonight in Drumheller, in defiance of the injunction, but nothing out of the way occurred.

The injunction names thirteen members of the One Big Union, among them being Henry Bond, president of the One Big Union miners' unit; P. W. Lawson, editor of The Searchlight, the One Big Union organ printed in Calgary; George Palmer, a former Calgary newspaperman and veteran of the war, and P. M. Christophers, the well-known organizer for the One Big Union, who was taken out of Estevan, Sask., some months ago.

### QUIET PERIOD AT THE CAPITAL IS LOOKED FOR

Gossip Indicates There Will Be Little Doing at Ottawa During the Next Month.

Ottawa, October 10.—Insofar as important governmental action and big political developments are concerned, the capital is promised a period of comparative calm during the next month or six weeks. Prime Minister Meighen will open the by-election campaign in East Elgin, where the fight is between government and farmer candidates on Tuesday afternoon, and will speak at Staffordville. He will then return to Ottawa and leave for Winnipeg on Friday night to open his tour of the four western provinces. It will be late in November before the prime minister is back in Ottawa.

Sir George Foster will probably be left to guide the ship of state until his return on November 1st. He will be believed, did when Hon. P. B. McCurdy and Hon. W. R. Wignmore were elected in Colchester and St. John's respectively. Parliament will likely assemble during the third week in January with the present cabinet intact. Hon. J. D. Reid, minister of railways, who is having a two-month vacation abroad, is believed to be destined for the upper house, but this change may not take place until the eve of the next general election.

### SUPPORT IS GRATIFYING

Montreal, October 6.—The proposal for a Canadian Vimy Memorial Church at Lens is meeting with gratifying support, it was stated at a meeting of the central committee. Plans for a campaign were drawn up. Sunday, November 14, is fixed for a simultaneous appeal throughout the Canadian protestant churches for the required sum of \$175,000.

### NOTICE

To Louie R. Adams, late of the Town of Irvine, in the Province of Alberta, Farmer.

Take notice that Mamie Beny has commenced action against you in the Supreme Court of Alberta, Judicial District of Medicine Hat, to recover the sum of \$648.37 and interest by

virtue of a certain Mortgage dated the 16th day of November, A.D. 1916, made by you in favor of Mamie Beny for the sum of \$550.00 and interest, whereby you mortgaged the S.W. Quarter of Section 30, Township 11, Range 1, west of the Fourth Meridian, and also to recover the sum of \$89.22 and interest by virtue of a certain Promissory Note made by you in favor of Carl Beny for the sum of \$77.25 and interest and endorsed to Mamie Beny.

AND FURTHER TAKE NOTICE that unless you file a Statement of Defence or Demand of Notice on or before the 10th day of November, A. D. 1920, the said land may be sold or foreclosed and judgment given against you for any deficiency and for the amount due on the Promissory Note without further notice to you.

DATED at Medicine Hat, Alberta, this 28th day of September, A.D. 1920.

S. A. WALLACE,  
Clerk of the Supreme Court, Medicine Hat, Alberta.

## Here's the Prohibition Ballot for Oct. 25th

Put Your X after the "YES" as below

Shall the importation and the bringing of intoxicating liquors No into the Province be forbidden?

Shall the importation and the bringing of intoxicating liquors Yes X into the Province be forbidden?

Cut this out and put it up somewhere where you can see it every day. Help to make your district poll 100 per cent. of the votes for Prohibition and no spoiled ballots.

WEDNESDAY, OCTOBER 13th, 1920.

PREMIER MEIGHEN AND LABOR

One of the characteristics of Canada's new Prime Minister is, says the Toronto Mail and Empire, that, whatever his audience, he wastes no time in platitudes. He is no rhetorician, no concocter of empty phrases. With obvious sincerity, and plainness of speech, he gets to grips instantly with the facts or the principles of his subject, and he unfailingly leaves an audience with concrete ideas on it. Whether or not his hearers agree with his views, they have always the deep satisfaction of being treated seriously, as men or women of sound discrimination, and a bond of respect and attachment is formed through the compelling directness of his argument. The Trades and Labor Congress delegates who heard Premier Meighen speak briefly on labor problems received sane, sober counsel as from a sincere friend.

The main issue in Canadian Labor circles is the policy to be pursued in further advances. There is a minority in some unions which favors distinctly radical action. It has natural affiliations with the One Big Union, the I. W. O., and other more or less Bolshevist organizations. But the great mass of Canadian Trades Union members are conservatives. They own homes, or other property. They have families to be educated in good citizenship. Their stakes in the community are not small, but large. They are personally interested in good government, in maintenance of prosperity and employment, and in measures promoting stability. Premier Meighen endeavored to impress on the Congress the vital importance to them, as well as to Canada at large, of sane progressivism. The inescapable truth that nations, like man, cannot live alone bids Canada to look abroad, and so adjust her internal life that she can make most progress, while avoiding injuriously cutting loose from those whose competition we must meet. Premier Meighen laid down also the good old British doctrine of individual initiative, individual effort, and individual reward. The only alternative to this is a sort of Communism which would rob everyone of natural rights. If there is to be real progress, there must be security, opportunity, and rightful reward. Governments have a function to perform in regulating, as far as they can, what may be considered as rightful reward. But this is a question of administration, not of principle. Canadian Labor's best interests undoubtedly lie with the maintenance of Canadian industry, the encouragement of capital to develop the country, and the promotion of general confidence. This solid basis cannot be departed from with out direct and immediate injury to the Trades Union members, and any

thing that they do toward making it less secure is a self-inflicted wound. Premier Meighen also remarked that he had more sympathy and "respect for Labor than for any other class or group." Ninety-five per cent. of Canadians are workers. In one field or another, but the Prime Minister meant specially the average workman whose weekly envelope is his chief income. The vexations of this class of citizen through high prices have been light, but cool analysis of the situation proves conclusively that destruction of individual security, and Canada's ability to compete with other nations, would intensify the evil, since high prices are worldwide, and our economic prosperity a matter largely of our own making.

## A PRETTY SPECTACLE

The Calgary Herald hits the nail pretty fairly on the head when it says: "When the Canada Wheat Board was in operation its critics were numerous. They talked about 'autocratic' government and objected to forced restriction of the open market. They freely prophesied that western farmers would lose because of Wheat Board operations. Another class of critic damned with faint praise, and among the papers, they were supposed to be leaders of public opinion, there were those who permitted threats against the board and had nothing at all to say in its defense. It is probable that one argument influencing the government to discontinue Wheat Board activity was this general class of criticism and absence of general support by western newspapers. At any rate the board has been discontinued and the market conditions resumed. We all know the result. Today the men and papers which opposed the Wheat Board most viciously a year ago are blaming the government for putting it out of business. They not what they cried for and are now squealing and holding the other fellow for what they are themselves responsible for. A pretty spectacle they are making of themselves.

## SUGAR TAKES A TUMBLE

Sugar has dropped to 11 cents in the United States, and the Canadian sugar refiners are howling for help from the government to prevent the Americans dumping their sugar into Canada and thereby knocking down the price here, which the refiners would want to keep at 22 cents. The sugar kings have made millions out of the non-suffering public. They don't get a taste of their own medicine. The government will do well to assist in the downward tendency of sugar by refusing to interfere in the matter.

The United States corn crop for 1920 will be the greatest in the history of that country by more than ninety million bushels. The yield will be about 3,545,122,000 bushels. Some crop, we will say.

One of the finest addresses ever delivered before the Alberta Press Association was that given by J. H. Woods, of the Calgary Herald, on the "Imperial Press Conference," at the annual meeting of the association in Calgary last week. The News congratulated Mr. Woods on his brilliant effort and also his election to the presidency of the association. He is a worthy head of a very important organization in the life of the province of Alberta.

**BRITISHERS ARE  
INTERESTED IN  
QUEBEC PROJECT**

Big Scheme for Industrial Expansion by Burnham and Desborough.

Montreal, October 7.—The Herald prints a Quebec dispatch which announces that a big project for industrial expansion in the province of Quebec, of which the final details are now being arranged, will soon be publicly announced. The two principal figures in this colossal en-

terprise are Lord Burnham, proprietor of the London Daily Telegraph, and Lord Desborough, who came to Canada to attend the congress of the Chamber of Commerce in Toronto. "The great project elaborated by the two lords is the construction of a railway from Hudson's Bay to the Seven Islands, passing by Lake Mistassini, Lake St. John and the Saguenay, to enter Quebec by the Montmorency Valley, which will shorten the route from Chateaufort to Quebec by one hundred miles; the establishment of pulp and paper mills at Seven Islands and at all places where there are important powers along the line of this new railway; and the creation of great steel works at Chateaufort and at Quebec, which will become large steel manufacturing centers."

## WEDDING BELLS

HEWSON-HALL

Dr. Robert Hewson was quietly married at Edmonton on Thursday, Sept. 30th. Miss Gertrude Hall, younger daughter of Mr. and Mrs. E. H. Hall, Vancouver, and formerly of Red Deer, Miss Hall has been engaged for some months in private secretary's office and was formerly night superintendent at the Royal Alexandra hospital, Edmonton. The bride's S. S. class remembered her with a beautiful party gift. Dr. and Mrs. Hewson were in Red Deer this week on their way to Oyen, where Dr. Hewson is practicing, and received the heartiest of good wishes from many friends.

WALTHAM-McROBERTS

A very attractive wedding took place Tuesday, October 6, at high noon at the home of Mr. and Mrs. Andrew McRoberts, of Edmonton, when their eldest daughter Ella was united in marriage to Mr. C. A. Waltham, of Bulwer, Alta.

The wedding procession was ushered into the parlor by the strains of the Wedding March from Lohengrin, played by Mrs. M. Metcalf. The bride was beautifully gowned in white embroidered crepe and carried a bouquet of carnations. The groom's attendant, Miss E. Marshall, of the medical student of Alberta College. The groom and his attendant served in the same average workmanlike manner. After the ceremony, which was performed by Rev. A. C. Metcalf, the bride and groom left for a sumptuous luncheon, the house being gorgeously decorated in autumn leaves and green. The guests present were 300. Mrs. W. H. McRoberts, of Green, Iowa; Mr. and Mrs. E. Canning, of Seattle; Mr. and Mrs. J. Hamilton, of Willowdale; Miss Flossie Waltham, of New Westminster, B.C.; Mr. R. Merchant, of Coquitlam; Mr. and Mrs. Irish and family, Mr. and Mrs. Bailey, Mr. Broome and Mr. Carl Lobbe, of Red Deer. The ceremony in which the bride and groom are held by friends and relatives was manifested by the numerous presents which were both beautiful and useful. After spending a pleasant afternoon together, the bride and groom left for a short trip to Calgary, after which Mr. and Mrs. Waltham will make their future home in Bulwer where Mr. Waltham has a prosperous mercantile business. The good wishes of many friends will follow the happy pair.

report of the Congress of Surgeons, which appeared in the Annual of Surgery, September, 1920, the President of the Congress of Surgeons had stated that even in the case of alcohol impairs human efficiency, and as a further concrete example of the benefit that will be derived in the United States since prohibition had come into effect, the psycho-pediatric ward of Bellevue Hospital, New York, which used to care for some four hundred inebriate patients, has been closed as no longer necessary. Similar results had been observed in other institutions.

Speaking on the question of "personal liberty," Mrs. McClung contended that there will be actual liberty only if carried out to their logical conclusion the only person who ever really enjoyed "personal liberty" was Adam before the coming of Eve, or in modern times the best exponent of personal liberty is the tramp. The true idea of personal liberty is expressed in the couplet:

"Many are all free people, too strong to be dispossessed,  
But blessed are they among nations,  
Who dare to be strong for the right."  
An opportunity for discussion was given and in this an answer was given to the question that is constantly asked. "Why is the manufacture of liquor not being prohibited?" The Vancouver and formerly of Red Deer, the market for liquor is closed. Even though some will continue to make it for their personal use, the quality of liquor manufactured will be very greatly diminished.

Mrs. McClung, who is engaged to speak in the campaign that is being held in British Columbia, left on the afternoon train.

There are people today who are being fed on these glands, in order to get back new vitality and energy. Vital Tablets will make you strong and healthy if you are not past the stage where medicines can help you. Vital Tablets are a great French tonic. Nothing more or less. If you need building up try Vital Tablets. Price 50c a box or 6 for \$2.50, at all drug stores or by mail. The Scofield Drug Co., Montreal.

## TAX SALE

Sale of Lands in the Village of Rocky Mountain House for Arrears of Taxes

Notice is hereby given that certain lands in the Village of Rocky Mountain House will be offered for sale to the highest bidder on Wednesday, the 24th day of November, 1920, at 2 o'clock in the afternoon, at the Village Office, Rocky Mountain House, unless the arrears of taxes and costs be sooner paid.

A full list of the said lands may be found in The Red Deer News, Volume 16, No. 37, issued on the 6th day of October, 1920.  
Dated at Rocky Mountain House this 7th day of October, 1920.  
SADIE A. DURNFORD,  
Secy. Treas.

## POLICE BELIEVE SCORES OF BABIES WERE MURDERED

Copenhagen, October 6.—Danish authorities are investigating what they fear will develop into the greatest wholesale baby murder plot the world has ever seen, growing out of

a baby farming scandal. Madame Overby, who ran a large baby farm here, was arrested in connection with the unexplained disappearance of children from her home. Complaints filed with the authorities covering her operations for eleven years, record the mysterious disappearance of one hundred and thirty infants entrusted to her. Such was the first report given the police, and which caused Madame Overby's arrest. Mothers are daily flocking to authorities and tell similar stories of the reported death and burial of children after Madame received payment for their care.

## CARPETS

WE CLAIM WE CAN GIVE YOU BETTER VALUE IN CARPETS THAN YOU CAN GET ELSEWHERE. Below are our prices, which it will pay you to compare with those of any other firm. Our stock is quite large. MRS. NELLIE McCLUNG

Makes Strong Address on the Prohibition Issue

That the women of Alberta are keenly interested in the issue of the coming referendum is evident from their attendance at the public meetings that are being held. The unpleasant weather did not prevent them from turning out to hear Mrs. Nellie McClung who addressed a meeting in the Methodist church on Thursday afternoon. The students of the High School whom Mrs. McClung has had the privilege of addressing on several occasions were present in a body and listened with appreciative attention to the address.

The meeting was in charge of the women's section of the Prohibition Campaign Committee, and Mrs. Fred W. Gault presided over the gathering in an efficient manner. Miss Crowell sang "The Ninety and Nine" in her usual pleasing style. In her address Mrs. McClung expressed her pleasure in speaking to the many young people inasmuch as "youth is a non-conductor of hatred and prejudice," and is ready to listen to truth with an open mind. Of course some children have a deep sense of justice and it is upon this principle that the temperance people are carrying on the campaign against the liquor traffic.

Comparing the methods of the Kaiser who carried on a warfare against non-combatants—defenseless women and children—with the methods of Napoleon who led in a warfare of men against men, Mrs. McClung stated that the ravages of intemperance was felt most deeply by women and children. The strength of the three causes—(1) that it lends itself readily to money-making, (2) it creates a false sense of exultation, and the indifference of people upon social and moral questions. With characteristic humor the speaker stated that if it were possible to invent a serum that would make people eager to work it into their brains then ninety-nine per cent of our problems would be solved. The highest form of education comes from having work well done.

That the friends of the liquor traffic are a temperance victory on polling day is evident from the fact that one liquor-selling concern had issued a circular urging its customers to "stick up as in all probability this is the last letter of this kind will be sent to you, because the temperance people are going to prevent the importation of liquor."

The speaker had found in her experience that the people who were most difficult to interest in this question were the women whose home life had sheltered them from the evils of intemperance. It is difficult to understand how anyone can be indifferent upon the temperance question. One must be dull, stupid or heartless not to feel the suffering that liquor drinking has caused.

The temperance movement is based upon good economic principles and not mere sentiment. In a recent

TEST IT WITH A HAMMER  
You may dent the wood  
but the varnish won't crack!

Hammer a Sheet of Rubber  
And What Happens?

NOTHING — your hammer does not harm the rubber because it is elastic. And that is the characteristic that makes "61" Floor Varnish durable — elastic.

Hammer a Sheet of Glass  
And What Happens?

WRECKAGE — the glass is shattered in a thousand pieces because it is brittle. And that is the characteristic that makes "61" Floor Varnish durable — elastic.

The "Spot That Wears," where ever that may be in your home, is the place where "61" Floor Varnish will prove its enduring resistance to the tramp of many feet.

# Our Twentieth Anniversary

The world revolves. Practically everything travels in cycles, and Time is marked in units, scores and centuries.

In the town of Amherst, Nova Scotia, in the Autumn of Nineteen Hundred, with a fair business training and a little capital, W. E. Lord opened a retail store, featuring Ladies' Furnishings and Millinery. It was developed into an attractive and successful business, sufficiently inviting to induce a purchaser to make a cash offer for it as a going concern in December 1903. The offer was accepted and the following March found Mr. Lord again settled in business in Saskatchewan, and then again in Alberta. So WE HAVE JUST COMPLETED A SCORE OF YEARS, A DECADE, IN TRADE FOR OURSELVES.

There is nothing wonderful about this, but it is to us important in that we have completed the "First Lap," once around the track, so to speak; one complete cycle in our journey in business.

W. E. Lord started his first advertising with an appeal based on

quality and service, expressed in the slogan:

WE WANT YOUR TRADE: NOT BY FAVOR, BUT BY MERIT and with unalterable determination we have stood by that policy of Quality First, coupled with Good Service, and the Best Values we could find.

"Quality," "Service," "Integrity" and "The Cash System" are big rocks in the foundation of our business, and we have always placed QUALITY and PRICE in their proper relation.

Like the little boy at the dinner table, not quite satisfied when he had finished the first service, passed his plate, saying: "Daddy, I am going to start all over again," so we, starting on the second cycle, are starting anew, with the added experience of the last twenty years: with adequate capital to properly finance and with well preserved energy to direct, supported by a very fine organization to which much credit is due.

Our pleasure and satisfaction is in giving the best possible service

in the distribution of good merchandise—and we believe our efforts have been and are fully appreciated. It is quite in order that we now take advantage of this opportunity to express our gratitude and appreciation for the ever and steadily increasing patronage, and assuring our friends that, with extended and improved facilities for the operation of our business for their comfort, convenience and advantage, we expect to make this store even a more desirable place to trade, and a greater factor in keeping down the "High Cost of Living," and reducing it as fast as possible. This will be accomplished mainly by INCREASED TURN-OVER.

ECONOMY THROUGH VOLUME will be the keynote in our 20th ANNIVERSARY CAMPAIGN and

A THOUSAND A WEEK MORE will be the slogan, following the principal of doing more business and doing it on a smaller margin—more customers and less profit.

## New Features in Millinery

(Mezzanine Floor)

Shipments are arriving each day from the East, consisting of novelties for all departments, featuring the Authentic Autumn models which, in addition to our great assortment of style merchandise, makes a most attractive stock. You are cordially invited to come up and inspect our stock at any time and make this department your headquarters while in the store.

### NEW VEILS—

Other Gossard Models priced ..... \$3.75 and up.

## WAR WIDOWS ARE RE-MARRYING AT —VERY FAST RATE—

In the Old Country, About 2,000 a Month Change Their Name.

London, September 19.—War widows are re-marrying at the rate of 2,000 per month, while there are 1,500,000 unmarried women in the country.

The widows think they understand men.

The splinters think the widows have great opportunities.

Hear now the case of the widow, as set forth by one of them:

"The men know that there will be no 'danger-year' with a widow. She knows how to avoid it. It is said that a man is kinder to his second wife than his first. He has found out what women like. Widows have also learned their lesson, and the men discover it before they think of marriage."

"A young girl describing her treatment of her fiancé said: 'I don't like him when he isn't nice, and I go away until he is nice.' She does not

suspect that the man is in danger of going away altogether. A young married woman had a fit of jealousy because her husband went out with his brother and left her at home. Unmarried girls are often just as unreasonable."

### NEEDS "MOTHERING"

"It is a great thing to know what man likes and when to give it to him. The widow realizes that a man needs 'mothering.' The young engaged girl said that she preferred to have a man 'father' her."

Or consider a splinter's view: "The young widow is in a particularly attractive position. She is a pathetic, lonely little figure, and men pity her—and pity is skin to love."

"Her husband's friends rally round her, and she sees plenty of men. Many unmarried girls—'hoppers'—rarely meet the right kind of man, and if they meet them they have little opportunity of getting to know them."

"A widow does her own mending. If she likes a man, there is nothing to hinder her from inviting him to come and see her and to take her out. She is in the independent position of even being able to pay for him in a restaurant or at a dance."

"Better still, she can be paternal with him. She has not to be perpetually on guard lest the young man should think she is 'settling her cap' for him. The widow is unsuspected."

while the splinter suffers from a surfeit of suspicion in this direction. How can she get to know men when nearly every young man is terrified that she wants to marry him?"

## POSITIONS FILLED BY LABOR BUREAU

Ottawa, October 8.—Men and women to the number of 5,173 were placed in regular employment during the week ending September 13, through the efforts of the employment service of Canada.

Of this total, 3,436 were men and the remaining 1,737 women. In addition to these regular placements, 1,715 casual jobs were supplied to persons out of work, as compared with 1,651 during the preceding week.

Reports from the various Dominion and provincial offices of the employment service show an increase of 650 in the number of placements during the week ending September 13, as compared with the previous week, when the total number of placements was 5,523.

A comparison between the week ending September 13, and the same week a year ago, shows an increase for the present year of 436 placements.

## GOLD SNAP EARLY THIS YEAR IN THE YUKON

Dawson, Y.T., October 7.—The gold snap this year came on several days earlier than usual and much ice is running in the Yukon and other streams, making navigation difficult.

The steamer Selkirk struck a rock in the Stewart river, near the mouth, and was beached with a hole in her hull. It is said that she will be floated soon. The last steamer for White Horse and other points is expected to get away in a few days.

## Storm Sash

Winter is not far off and you will soon be needing storm sash. Get your orders in early so that you will have them when you want them. Don't wait until the first cold snap strikes us, as there is always a congestion at that time.

We will call and measure your windows if you will phone us.

# HER TRIP TO OLD COUNTRY USELESS

Returning Home Sick and Miserable, She Found Relief by Taking Tanlac.

"After what Tanlac has done for me I feel that the very least I can do to show my gratitude is to allow a statement of my case to be made public, for it has completely restored my health," said Mrs. May Dawson, of 1011 Pender St., East, Vancouver, B. C.

"For fully two years I had been unable to eat anything without being troubled with indigestion. My food would sour and form gas, and my heart would palpitate so that I became alarmed. I suffered from terrible pains in the pit of my stomach and would feel like I was choking. At times I felt so weak and dizzy that I could not stand without holding to something."

"I also had severe pains across the small of my back that hurt terribly whenever I attempted to stoop over. I became so weak that I could scarcely do a thing, and my nerves were so unstrung that the children or any unusual noise would almost drive me frantic. As the treatments and medicines did me no good, a little over a year ago I went back to England, hoping the change would do me good, but I failed to find any relief over there either."

"About two months ago I returned to Vancouver, still feeling very sick and miserable. A friend gave me a box of Tanlac, and after taking three bottles you would never think there was ever anything the matter with me."

"I now have a splendid appetite, and I am never troubled with indigestion or shortness of breath. The pain in my back is gone, my nerves are calm and steady—I sleep like a child and get up feeling rested and full of life. My daughter Gladys also suffered from indigestion, so she took Tanlac and it completely restored her health."

Tanlac is sold in Red Deer by Gaetz-Cornett Drug & Book Co., and by the leading druggist in every town.

"But the government has not received the priority for which it paid. In fact it has been actually improved with two exceptions, of the use of the railways for its most urgent needs. Care has been taken to refrain from any action which would be likely to force an issue. It has been hoped that a way out might be found which would not involve the stoppage of railway facilities, but the time is coming when the government may have to insist on its rights. The postal and telegraph services are in the same position, as a result of raids on the mails and the cutting of telegraph wires."

# RETURNED SOLDIERS' INSURANCE

All returned soldiers and their families will be interested in the Returned Soldiers' Insurance Act, under which they are provided with an opportunity of obtaining life insurance at most favourable rates. The Act became effective on September 1st, 1920, and will remain in force for two years.

Under the provisions of the Act any honorably discharged soldier, sailor, or nurse, or the Canadian forces domiciled and resident in Canada, may insure with the government to an amount of from \$500.00 to \$5,000.00. Under certain conditions the widow of a returned soldier, who died subsequent to discharge, may also obtain insurance.

In addition to former members of the C.E.F., the privileges of the Act are available to anyone, male or female, who served during the late war in the Imperial Army or the Canadian Forces of any of the allied or associated powers, providing they were honorably discharged and returned before the war and hold an honorable discharge.

Many of those who served overseas, while not suffering from a severe disability, find that their physical condition is such that they are unable to obtain life insurance at all or only at much higher rates than are normally demanded. They therefore, find themselves severely handicapped in providing protection for their dependents. Under the Returned Soldiers' Insurance Act all returned men are placed on an equal basis as no medical examination is required.

The premium rates are low. They vary with the age of the insured and the plan of insurance chosen. At the age of twenty-five a straight life policy for \$10,000.00 costs \$1.24 per month. At the age of thirty-five the rate is \$1.70 per month. Beneficiaries are limited in the case of a married man to his wife and children. An unmarried man or a widower without children is required to name his future wife and children as beneficiaries. Should the insured die unmarried the insurance money may be paid to one or more of his immediate relatives according to his will.

An exceptional advantage of this insurance is the provision made for a disability benefit. Under this plan should the policy holder become totally and permanently disabled he is relieved from paying further premiums and the insurance money is paid to him direct in annual instalments equal to one-twentieth of the total amount of the policy.

Booklets explaining the Act and application forms may be obtained from all branches of the Great War Veterans' Association; The Soldiers' Aid Committee; Imperial Veterans' Association; Grand Army of United Veterans; Army and Navy Veterans; Department of Soldiers' Civil Re-establishment; Military District Headquarters and District Offices of the Imperial Veterans' Association; and direct from the Commissioners, Returned Soldiers' Insurance, Transportation Building, Ottawa.

"But the government has not received the priority for which it paid. In fact it has been actually improved with two exceptions, of the use of the railways for its most urgent needs. Care has been taken to refrain from any action which would be likely to force an issue. It has been hoped that a way out might be found which would not involve the stoppage of railway facilities, but the time is coming when the government may have to insist on its rights. The postal and telegraph services are in the same position, as a result of raids on the mails and the cutting of telegraph wires."

# PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

# MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

Contains No Alum

Made in Canada

"You see, I'm here!" he called. "They needed more aids, and I volunteered."

Joan tilted her head so that she looked broader than ever but made no other reply. Why must Harold allude to her as reminding her of the physical inferiority of her sex, she wondered. Why must he always treat her as if she were some delicate, fragile thing that you must handle with care?

An aid came running up with the information that the parade was ready to start. Hero took her place at the head of the column. The band struck up, and they were off.

He did not like the band, and showed it by his prancing step. The crowd, admiring the spirited action of the animal, and the magnificent way the girl in armor sat him, cheered vociferously.

Hero liked the cheering, even though he liked the band, and reared under the pull of the curb.

As they passed down the long city street, he was lined with spectators, his behaviour grew worse instead of better. With set lips, Hero pulled the reins down to a walk.

For the first time she realized that she could not keep control of the horse much longer. Her wrist ached; her arm felt as if it were slowly being drawn from its socket. She could not use her right hand, for it held the banner.

Then came the last straw. Some rowdy among the onlookers threw a stone. It struck Hero on the flank. With a leap that nearly upset her, she reared to a gallop down the long, asphalted street.

The armor of that immortal woman of France must have saved this young girl a courage of its own. She did not cry out; she did not even drop her banner; but with her left hand pulled steadily at the bit, and with the banner flapping joyously above her, she knew all the while wide-eyed, lookers with a glance to right or left.

Frankly they cheered, not guessing her danger because of the unconcern with which she sat her horse.

But she knew all the while wide-eyed, lookers with a glance to right or left.

Frankly they cheered, not guessing her danger because of the unconcern with which she sat her horse.

But she knew all the while wide-eyed, lookers with a glance to right or left.

9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in Township 37, Range 25, and Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in Township 37, Range 25, and Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in Township 37, Range 25, and Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in Township 37, Range 25, and Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in Township 37, Range 25, and Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in Township 37, Range 25, and Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10

## LUMBER CAMPS DRAW HELP FROM HARVEST FIELDS

The turn of the labor tide has come, it is stated at the government employment office, and with the slackening off in the demand for farm help there is an increase in the number of men being sent to the bush and the mines. Nearly 100 men have already been supplied for the lumber camps along the B.C. and P.C. railway lines and northern British Columbia points as far west as Hinton.

Few of the harvesters have yet come in from the farms, but it is expected that a considerable number of the men brought in from the bush will remain here and will take work in either the bush or the mines. There is still a heavy demand in both quarters and it is said that 1,000 men could be placed in the lumber camps alone.

R.N.W.M.P. VETS  
MOVE HEADQUARTERS  
TO EDMONTON

(Edmonton Journal)

Headquarters of the Royal North-West Mounted Police Veterans Association have been transferred from Vancouver to Edmonton. This was one of the decisions arrived at at the recent convention held in Vancouver, at which Dr. Bradshaw represented the local association.

"Veterans of the 'scarlet and gold' force are naturally pleased that the headquarters of the association have been transferred to Edmonton, but the action did not come altogether as a surprise, as it had been suggested some considerable time ago. It is believed that there are more veterans of the R.N.W.M.P. in Edmonton and vicinity than in any other city in Canada, and it is only right that headquarters should be located here.

SEX EQUALITY IS  
LIVE SUBJECT IN  
THE OLD COUNTRY

London, September 15.—The independent career is so attractive that it is pushing marriage to the wall, in the opinion of Colonel F. E. Freemantle, M.P., well known for his interest in improving the health of the nation when he spoke in Birmingham at the concluding session of the Royal Sanitary Institute congress, which discussed sex hygiene.

"The whole outlook of the nation," he said, "tends more and more to government by bachelors and spinsters, men and women who have not the family outlook."

## RACE SUICIDE

"The result is that girls grow up to seek independent careers, to live independent lives, with the result known to all of us, and so establish habits and earn incomes which make marriage unattractive. The result is increasing sterility and race suicide."

"The movement of sex equality is becoming a movement for the abolition of sex at a time when the nation calls for healthier children and many more of them."

Mrs. E. M. Broome, South Wales, suggested that the Navy League, the rearing of children could be given by compulsory attendance at lectures illustrated by the cinema, so that parents might learn the best way to bring up children.

"The present-day rush for marriage without any real knowledge of character and antecedents is probably the reason for the Navy League of Canada law reform," said Mrs. Broome. "Many parents, even the healthy and well educated ones, are willing to give their daughters to men who, for all they know, are adventurers, while if they were sensible they would seek for a proper reference."

NAVY LEAGUE  
OF CANADA

Sailors' Week Campaign,  
October 16th to 23rd, 1920.

In connection with the Dominion wide campaign for funds to be carried on by the Navy League of Canada during the week that included the anniversary of Nelson's great victory at Trafalgar, the following programme of all the traditions of the British Navy.

Citizens will be interested to know just what the peace time policy of the Navy League to finance which, the present campaign consists:

## POLICY

1. To disseminate among the people of Canada a knowledge of the necessity, and use of sea power as the keystone of Empire and National defence and commercial prosperity.

2. The advocacy of a policy that Canada shall assume her proper share of the cost and maintenance of protecting her own trade routes and coast defences.

3. The advocacy of a marine policy that will tend to build up our mercantile tonnage.

4. The advocacy of the establishment of a naval reserve force composed of Canadian officers and men who have served either in the Imperial or Canadian Naval forces.

5. The support of all just claims of officers and men of the Royal Canadian Navy and its auxiliaries with regard to pay and pensions, and that merchant officers and men in times of war be put on an equal footing with regard to pay and pensions with officers and men of the Royal Canadian Navy.

6. The support of sailors' institutions in Canadian ports to better the conditions of the merchant seamen when ashore.

7. The application of steady pressure upon Parliament and the Government for the most efficient administration of the Department of Naval Service, and the abandonment of the present system of the portfolio of Marine, Fisheries and Naval Defence being under one minister.

8. The application of steady pressure upon all citizens enjoying the Canadian franchise to see to it that our public men and members of Parliament shall insist upon the administration of our maritime policy being free from partisan action.

9. The encouragement and extension of Naval Colleges and of the Boys' Naval Brigade Movement, and the establishment of proper training institutions, with a view to the preparation of boys and men for a seafaring career to the ultimate end that all Canadian ships shall be manned by British-born and the elimination of aliens from the Mercantile Marine.

## CUNARD SERVICES RESUMED

London, October 7.—The Cunard Line yesterday resumed its service between London, Canada and the United States with the sailing of the steamer Caronia, which will first call at Halifax and then New York.

The Caronia carried 1,600 passengers, the largest number ever taken on a single steamer from London to America.

Society Brand  
Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG  
MADE IN CANADA

To the man who is worried  
about the cost of clothing

The cost of clothing is in the materials and in the labor.

The labor costs practically the same to all clothing manufacturers.

The cloth in a suit of clothes will average 3½ yards.

To make cheaper clothes one must either use less labor—do fewer things that ought to be done—or use cheaper materials.

To reduce the labor cost by reducing hand-tailoring damages fit, finish and durability. To reduce the cost of materials (only 3½ yards to a suit) must mean

a big loss of quality if any noticeable reduction is made.

Society Brand Clothes are designed and tailored for men who have the good clothes habit; for men who want up-to-the-minute styles always in good taste and so well made up they will stay that way.

They have never been cheap clothes.

They are not cheap clothes now.

They are not to be compared with cheap clothes.

The man who buys Society Brand Clothes need not worry about style, tailoring or quality of the all-wool fabric.

BULLETIN FROM  
PROHIBITION  
HEADQUARTERS

WEDNESDAY, OCTOBER 6th.

Mrs. Nellie McClung has been spending the past week in the Peace River country in the interests of the Women's Institute, but she has also been getting in some heavy vallops at the liquor traffic. On October 10th and 11th she will address large rallies of women in Vancouver, Victoria and New Westminster, where a hard battle is being fought by the Prohibition forces to retain their present law. We have confidence that our sister province will emphatically say on October 20th, their polling day, "We are British; what we have we hold." On returning from B.C. Mrs. McClung will make an excursion into Saskatchewan to lend a hand to the prohibition cause there. Mrs. McKinney, Mrs. Becker, Mrs. Howard, and Mrs. Bagnall, our other lady organizers and speakers, are doing valiant work in various parts of the province and with Mrs. McClung constitute the spear head of

the women's host that will impale John Barleycorn on October 25th.

The campaign committee has now 50 organizers at work in the various parts of the province, and more will be added during the next week. Under the fostering care of these persons live organizations are springing up like mushrooms throughout the province of Alberta. A number of speakers from within and without the province are also busy campaigning. Every step is being taken to ensure an overwhelming victory.

We can now say confidently that Scotland is going dry in November as it witnesses the close of rural prohibition in the United States and Canada, has been received with satisfaction not only by the members of the Anglican communion but by all Christian people in the province.

Monsieur Pilon, of Edmonton, the temporary head of the Roman Catholic church in Alberta, has given us also his hearty endorsement to the cause of prohibition and is commending it strongly to his people.

Another matter that calls for the most favorable comment is the attitude that the doctors of the province recently took at their conventions at Edmonton on the question of medicinal prescriptions. They now stand for 60 prescriptions per month in place of 40 as, and for the present effort is being put forth in urban districts to get the remnant of the

prohibition electors before the revising officer.

Mr. H. H. Hull, provincial organizer, returned on Saturday last from a two weeks itinerary in Southern Alberta, bubbling over with optimism and the data of the same. He reports activity everywhere and organization in the south completed in all but two or three points.

The five prohibition objectives in the present campaign are:

1. A dry majority of over 50,000 for the whole province.

2. The largest majority ever polled in Alberta at an election.

3. No financial deficit at the close of the campaign.

4. The largest percentage vote for prohibition of any province voting on October 25th.

medicinal purposes. Good! It is now up to the government and the drugists to declare themselves.

An enumeration recently taken in one of the Vegreville townships showed the following results: For prohibition 59, doubtful 3, opposed 1. There are many such swallows beginning to twitter in different parts of the province indicating a new season at hand.

Regina, October 7.—Under the name of the New National Policy Political Association, the Saskatchewan supporters of farmers will be incorporated, it was decided at Wednesday's session of delegates representing the members of the 18 provincial constituencies in the province.

London, Ontario, October 7.—A college for the training of bakers, to be established at Guelph, was proposed at the annual convention of the Canadian Bread and Cake Bakers' Association here yesterday. A committee will report on the matter. President H. J. Neal, of Windsor, referring to the present prices of bread, said they were not being reduced because the majority of the bakers were still using the old wheat flour, purchased when prices were higher.

PREPARING BRITISH FARMERS FOR WORK ON CANADIAN FARMS

London, October 6.—Under a scheme originated by Creelman, the agent-general for Ontario, 2,000 skilled English agriculturists leave for Canada in March next. They are chiefly ex-officers, some of whom have big banking accounts. The agent-general recently toured Britain and persuaded British farmers to take and intensify train ex-officers for six months to prepare them to take up the work in Canada.

Pianos, tuned—J. E. Welton.  
For ambulance (Stone's) call 172, 173.  
Massaging, shampooing. Mrs. Creelman, phone 147.  
Don't forget the Eastern Star Hallows' social, October 29th.  
Fifteen big bargain days at Jack Fulton's. See ad.

Keep October 18th open for the grand dance at the Armouries.

Remember the promenade concert in the Armouries on 21st October.

Nice home made bread, buns, cakes, etc., at the Crown Bakery, Ross Street.

The Rev. Mr. Orton, of Innisfail, left for a visit to England on Saturday last.

The G.W.V.A. are holding a dance in the Armouries on Thanksgiving Day, Monday, October 18th.

The Springvale U.F.A. will hold a chicken supper in the church on Friday evening, October 18th.

Mrs. Svedlund, of Rocky Mountain House, who has been visiting Mrs. Skene, returned home last week.

Don't forget the chicken supper given by the U.F.A. in the Springvale church, Friday evening, October 18th.

Mrs. W. M. Jarvis left last week for the coast, where she was called owing to the illness of her aunt, Mrs. Murray.

F. E. Graham and family have moved to their new residence recently purchased from Senator E. Michener.

Ladies! Why wear your fingers out by using dull scissors, when you can get them put in first class shape by J. J. Dale at a moment's notice.

The Crown Bakery, Ross Street, West, wants your business. They handle only home made goods, the kind mother used to make.

Are you dizzy, make an exchange. You bet we are, trying to figure out how long it is going to be before the price of boots and clothing and other articles take a tumble.

A. DuFortier, manager of the Crescent Glove Company, Calgary, was in the city over the week-end. Mr. DuFortier is doing quite a business in the manufacture of gloves and leather garments.

The members of the O.E.S. will hold a bean supper and hallows' social on Friday, October 29th, in aid of the Soldiers' Memorial fund, at the home of Mrs. Dan Smith, Waskasoo Ave., from 6 p.m. Supper, 5c.

T. B. Rutter has Black Langshans that are as big as turkeys. One cocked up he killed recently dressed nine pounds and three-quarters when ready for the oven. Some bird, say we. He has also some fine pullets laying at four and a half months old.

Come to the bean supper and have a good time—fortune telling, candy booth, and other good things, at the home of Mrs. Dan Smith, on Friday evening, October 29th, at the place, Mrs. Dan Smith's, Waskasoo Avenue.

The regular meeting of the Ladies' Aid and Missionary Society of Knox Church will be held in the church hall, Friday afternoon, at 3 p.m. This meeting of the Missionary Society, being the annual Thank-offering all members and friends are asked to come and make their gifts as generous as they can.

Miss Ruth Comer, of Edwell, was the winner of the Lieutenant-Governor's bronze medal for having the highest aggregate marks in Grade VIII, in the Red Deer Inspectorate at the last mid-summer examinations.

Miss Inna Munro, of Delburne, who is now in Red Deer with her aunt, Mrs. M. Card, was winner of the medal in the Three Hills Inspectorate.

Mr. James Bower, who has rented his farm and is presently retiring, is holding an auction sale of his stock and machinery on Friday, October 15. Some particularly high-class stuff will be sold. Twenty-four head of horses, including a Registered Percheron stallion and several Registered Percheron mares, Percheron and Clyde grades, Registered and grade Shorthorns, and an extensive line of machinery. Mr. Bower is well known as a breeder of high-class stock, and this sale offers an unusual opportunity to those who are in the market for quality stuff. N.

NOTICE  
I will not be responsible for any debts contracted by my wife, Mrs. Maud Parkins, after this date, she having left my home of her own free will.
